

# I Speak English

Our program for very young children revolves around music and movement. Learning a new language with Langmobile is subtle and children are too busy having fun to realise they are even learning! It is through familiar themes and notions that learning a new language is seamless. Original Langmobile music compliments our contents with lyrics and melodies that are easy to learn and assimilate. Our animators are exceptional in making any language come to life and captivate all the little learners attention.

CIRCUS

VOLUME 1

You can also follow us at home! Here are the themes your child will see with Langmobile over the session.

- 1) Printing and practicing the vocabulary index on the back is a great way to support your child's adventure with Langmobile!
- 2) Go to the GAMES section on our website. Watch our language learning capsules and listen to Langmobile songs your child will sing this session.

1

## Hello and Goodbye!
